

QUIK BUFF

Compound/Polish

3008

body shop safe

Description: QUIK BUFF is a machine cleaner formulated for use on factory applied and refinish clearcoat paints. Organic micro abrasives quickly and safely remove new car finish blemishes, light to medium oxidation, and 1000 - 1200 grit wet sand scratches. QUIK BUFF polishes and leaves a clean, glossy surface that is ready for final finishing. Contains no wax or silicone.

§ Features:

- No wax or silicone
- Special abrasives permit use on both new and old paints
- Unique oil formulation

§ Benefits:

- Works quickly and leaves minimal, if any, swirls
- Removes light to medium scratches and defects
- Allows longer buffing time

§ Use for:

- Precleaning surface before applying final wax protection
- Body shop application for either whole car or spot panels
- Creating an attractive gloss

§ How to use:

- Consult MSDS for complete safety information before using.
- Ensure surface is cool to the touch
- Using an applicator pad, apply a small amount of product directly on the painted surface.
- While the product is wet, buff a 2' x 2' area with a high speed buffer and a cutting pad. Keep the pad flat on the painted surface and buff until product dry
- Apply wax or paint sealant to protect the restored finish

§ Tech Tip:

- A foam pad can eliminate most swirls.
