

MAGNUM

2039

Wheel and Tire Cleaner

body shop safe

Description: *Magnum* quickly cleans brake dust buildup and road film from all type wheels. *Magnum* is a non-caustic, non-hydrofluoric acid cleaner that, when used as directed, is safe on OEM and aftermarket wheels.

§ **Features:**

- No hydrofluoric acid or ammonium bifluoride
- Fast acting and cleans brake dust and road film
- Concentrated formulation

§ **Benefits:**

- Cleans wheels without harsh acids
- No heavy scrubbing necessary
- Very economical per use cost

§ **Use for:**

- Wire, mag, aluminum, and coated OEM and aftermarket wheels
- Unsurpassed cleaning of wheels and tires
- Detailers and automatic car wash applications

§ **How to use:**

- Consult MSDS for complete safety information before using.
- Dilute 1:4 with water
- Apply **MAGNUM** to wheels that are cool to the touch
- Test a small, inconspicuous area of the wheel to ensure compatibility
- Doing one wheel at a time, spray diluted **MAGNUM** directly on wheel
- Allow to dwell for no more than one minute. Scrubbing may be necessary on stubborn areas.
- Rinse wheel thoroughly with hard stream of water

§ **Tech Tip:**

- Wet the body area around the wheels with cool water to prevent spotting of the painted areas.
