

HEADLAMP LENSE RESTORER

Description: *HLR (HEADLAMP LENSE RESTORER)* is designed to remove scratches, yellowness, haziness, and abrasions from plastic head lamp and tail light lenses. *HLR (HEADLAMP LENSE RESTORER)* will revitalize and protect virtually any plastic headlamp or taillights assemblies. *HLR (HEADLAMP LENSE RESTORER)* incorporates special UV inhibitors to protect new and old surfaces and guards against further deterioration from harsh elements.

§ **Features:**

- Special blend of non-abrasive cleaners and polymers
- Exclusive polishing lubricants
- Multi-silicone enhanced formula

§ **Benefits:**

- Cleans, polishes and protects in one easy step
- Quickly and easily removes dirt, grime, oxidation and discoloration
- Forms a protective layer that inhibits future deterioration of plastic

§ **Use for:**

- Used car reconditioning
- Extra profit center for cleaning discolored lenses
- Emergency vehicle lens cleaning or restoration

§ **How to use:**

- Consult MSDS for complete safety information before using.
- Ensure surface is cool to the touch
- Shake well before using. Slight product separation is expected.
- By hand
 - Using an applicator pad, apply a small amount of product directly onto the surface to be cleaned.
 - Rub surface until clean.
 - Using a clean soft cloth, buff to mirror finish while still wet.
- High speed buffer
 - Using an applicator pad, apply a small amount of product directly onto the surface to be cleaned.
 - While the product is wet, buff area to be cleaned with a high speed buffer and a polishing pad.
 - Keep the pad flat and buff until product dry.

§ **Tech Tip:**

- § For the stubborn stains or heavy duty cleaning use a DO-ALL scrubber.
